

Our Improvement Plan for 2021-2022 – A summary

Here are some of the things we will be trying to improve this year:

Priority 1: Refreshing our vision, aims and pedagogy

“We will develop a clear ethos around play-based learning and a positive and empowering vision of children that leads to a rich and nurturing learning environment.”

- Clear and relevant statement of our vision for children’s education
- Parent stay and plays, information sessions, social events and broader consultation
- Improved nursery environment
- Improved planning for learning
- Nurturing principles clear to all
- Improved professional reading and engagement for staff

Priority 2: Improving our Health and Wellbeing curriculum

“We will provide a curriculum for children, which will also impact upon families and staff, that promotes physical and mental health and promotes healthy habits for future life.”

- Play on Pedals program continues
- Promoting Alternative Thinking Strategies (PATHS) program continues
- Use of local outdoors spaces and increasing outdoors play
- Restart Childsmile toothbrushing
- Physical activities for the whole family
- Improved snack and baking area
- Caring for nursery animals as part of curriculum

Priority 3: Improving our support for Inclusion

“We will improve targeted support for those children that need it, including methods of personalised assessment, planning, tracking and ensuring progress.”

- Better Wellbeing Plans for children who need additional support, with more frequent review meetings with parents
- Improved All About Me documents with targets for children’s progress
- Improved home links to support children’s development, with more parent/carer involvement
- Better tracking of children’s progress and regular reviews with parents
- A focus on staff training and development to support additional needs
